5. ROLES AND RESPONSIBILITIES

5.1 A positive approach to the prevention of violence and unacceptable behaviour must be encouraged at all levels of the school to create a culture that minimises the risk of incidents. This section sets out the relevant responsibilities for school management

5.2 South Grove Governing Body

The overall responsibility for the development of policy proposals to reduce the incidence of violence and unacceptable behaviour against staff and the implementation of school decisions concerning the management of incident against staff rests with the Governing Body.

5.3 Senior Leadership Team – HT & Deputy Headteacher

The Senior Leadership Team will be individually responsible for the implementation of this policy. The SLT must promote a culture amongst staff which recognises that violence and unacceptable behaviour should not be accepted or tolerated. Incidents should be reported and dealt with effectively or minimise further risks and create a more pleasant and safe working environment. Where incidents are reported, the Headteacher must support and protect staff by ensuring issues are dealt with promptly. The SLT must ensure that this policy and the arrangements for the reporting of incidents are clearly published and understood by their staff. They must ensure that incidents are reported and investigated using the incident reporting system and that appropriate follow up action is taken including relevant support for staff.

Further, it is the Headteacher's (or Deputy Headteacher in the absence of the Headteacher) responsibility to ensure that once a member of staff has reported an incident an Accident or Incident Report Form (AIRF) is completed and filed appropriately. In the event that the incident needs to be escalated to the police, the Local Authority Legal Department will require a chronology of events prior to entering into correspondence with the police ie phone calls made including the nature of the unacceptable behaviour and therefore the AIRF will constitute such chronology.

5.4 Risk Assessments

When an incident has occurred, or a risk is known or modifications are being undertaken within the work environment, a risk assessment should take place immediately. The environment and circumstances in which staff work and within which children/staff are treated and members of the public have access can have a significant influence on behaviour, and it is important that Phase Leaders undertake a regular review of the risk factors within their area of responsibility.

The SLT should be aware of the extent to which staff feel safe in relation to their general working arrangements and any concerns raised by staff regarding this.

The SLT should ensure that staff dealing directly with parents and visitors attend training to deal with incidents of violence or aggression based on an assessment of risk.

5.5 Employee Responsibilities

All staff have a general duty of care under Health & Safety legislation to take responsibility for the safety of themselves and others, and should take all reasonable steps possible to prevent incidents of violence or inappropriate behaviour in the workplace.

To ensure effective implementation of this policy all employees have a responsibility to:

- Be aware of and abide by this policy and undertake training as necessary to assist with its implementation;
- Ensure that they do not place themselves in a position where they are exposed to unnecessary risks'
- Report all incidents of violence or unacceptable behaviour to the relevant Senior Leader and complete an incident form and Contact Record Sheet in line with the incident reporting procedure;
- Co-operate with risk assessments undertaken by their Phase Leaders. Attend training sessions as required on matters relating to the management and reduction of violence against staff;
- Seek medical assistance where physical violence has occurred;
- Provide support to any colleague who is the victim of a violent or other incident at the time and act as necessary as a witness in any proceedings that may follow.

5.6 The Health & Safety Lead

The Headteacher will be responsible for the co-ordination of action in conjunction with Senior Leadership relating to or arising from violent incidents including liaising with the local police as necessary.

The Headteacher will monitor the incidence of violence against staff and provide reports to the Local Authority as required.

6.0 SUPPORT TO STAFF WHO ARE VICTIMS OF VIOLENCE AND ABUSIVE BEHAVIOUR

6.1 Following an incident of unacceptable behaviour, employees should report the incident to their Phase Leader and complete the AIRF as soon as possible. The Phase Leader must inform the Headteacher. The Headteacher will then inform the Local Authority or the police as appropriate.

6.2 The school will ensure that there is a debriefing interview with the member of staff concerned following an incident of unacceptable behaviour. The purpose of the debriefing meeting will be to discuss the incident in order to assess how it arose, ensure an appropriate course of action has been taken, offer support to staff involved and establish whether measures can be taken to prevent incidents in the future.

6.3 Staff will be encouraged to contact their Union, the Local Authorities Free Counselling service or other relevant bodies as necessary depending on the nature of any abuse.

6.4 Staff will be encourage to contact Victim Support where appropriate.

6.5 Support with policy investigations or prosecutions

The school will support staff in reporting incidents to the police and in taking forward prosecutions wherever possible. This would include providing evidence and access to information to support investigations and prosecutions, providing practical support and advice to staff going through such a process, including e.g. reasonable time off to prepare and attend, help with relevant paperwork, arranging for staff to be the accompanied at court appearances etc.

7.0 DEALING WITH ABUSIVE BEHAVIOUR AND/OR HARASSMENT

7.1 An employee who is subject to harassment from a member of the school community should consider an informal approach in the first instance. The individual may not appreciate the distress his/her actions are causing as detailed by paragraph 2.2 of Appendix 1 on procedure. If witnesses are present, they should support their colleagues in dealing with incident. If the harassment continues after the informal approach, a more formal approach should be adopted.

7.2 As an intermediate step, a letter may be issued by the school in liaison with the Local Authority Legal Department to the individual making it clear that their behaviour is unacceptable, that any further incidents will not be tolerated and that access to the school site may be withdrawn (if appropriate) and following the red and yellow card system described in Appendix 1 – procedure for dealing with violence/abusive behaviour against staff.

8 PROMOTING THE POLICY

The school will ensure that the policy is circulated to all relevant staff and promoted via the staff induction programme.

November 2013

APPENDIX 1

PROCEDURE FOR DEALING WITH VIOLENCE/ABUSIVE BEHAVIOUR AGAINST STAFF

1 INTRODUCTION

In the event of a member of the school community displaying violent or inappropriate behaviour, the Headteacher may decide to adopt an informal approach. Where this has been tried and failed, or where an incident is considered by those involved to be serious or severe enough to warrant it, a formal approach (applying a 'yellow and red card system') will be appropriate.

2 INFORMAL APPROACH

2.1 The Headteacher must advise the violent or abusive person of their policy

and inform them verbally that their actions or behaviour are unacceptable. S/he should be advised clearly of behaviour that is acceptable, in order that s/her understands the standards required and has the opportunity to comply, and that a repeat of the behaviour could lead to the application of sanctions.

- 2.2** In many cases this leads to an improvement without further need to develop a more formal approach. Although the approach used is informal, the incident must be formally reported on the AIRF. It is the Headteacher's responsibility to maintain and retain notes of all conversations for future reference.

3 FORMAL STAGE

Stage 1 – the 'Yellow Card'

- 3.1** Where the informal approach has already been tried or where it can be justified that this is deemed inappropriate due to a severe or serious incident or threat/act of violence and abusive behaviour and a genuine belief that this will not result in.
- 3.2** A letter must be sent to the individual concerned from the Headteacher which must refer to this policy and clarify the behaviour demonstrated that is deemed to have been unacceptable and in breach of it. The letter must state that a repeat of such behaviour cannot be tolerated and clarify any sanctions that may be applied at this stage with regard to future access to school staff and premises.

Stage 2 – the 'Red Card'

- 3.3** In cases where there is a threat of serious and imminent danger or due to the serious nature of an actual incident, access to the school site and staff may be withheld even where the earlier stages of the procedure have not been applied.
- 3.4** Where a decision is taken to withhold access, this decision must be made initially to the relevant Phase Leader, in conjunction with the SLT as appropriate. When withholding access, the relevant Phase Leader must ensure that the following stages are applied:
- 3.5** Confirmation must be sought that the violent and abusive incident(s) has/have been fully documented and signed by the staff member involved and any witnesses, and that it has been fully reported to the SLT.
- 3.6** The person being banned must be made fully aware and understand that because of their unacceptable behaviour, access is being withheld.

4 RESPONDING TO VIOLENT INCIDENTS

- 4.1** When a violent incident or incident involving inappropriate behaviour has occurred the Headteacher must first consider the needs of the person involved, and in cases involving injury, should ensure that the employee receives appropriate treatment, including attending Accident & Emergency services if necessary. All incidents where an employee receives an injury requiring medical treatment must be reported immediately to their Phase Leader.

- 4.2** In all cases of violent or potentially violent incidents being reported to a Phase Leader, they must ensure that a full investigation is undertaken immediately and inform the SLT.
- 4.3** An Accident or Incident Report Form (AIRF) must be completed as soon as possible and passed to the Headteacher for forwarding to the relevant bodies and the need for revising risk assessments and procedures considered.
