

South Grove Primary School Pupil Digital Rights

We agree to abide by our Digital Rights Charter to ensure we have a positive and safe online lifestyle.

- I have the right to enjoy the internet and all the informative, fun and safe things it has to offer within school.
- I have a right to keep information about myself private.
- I have a right to explore the internet but I know that I cannot trust everything that I see or read on the internet.
- I have a right to know who I am talking to on the internet; I don't have to talk to someone if I don't want to.
- I will remember not everyone is who they say they are on the internet. I have a right to tell a teacher or an adult if I think anyone is suspicious.
- I have the right to **not** be videoed or photographed by anyone using cameras, web cams or mobile phones without my parent's permission.
- I have a right **not** to be bullied or intimidated by others through technology and I have the right to report this if this happens.
- I have the right to not be judged by others when I report something that makes me feel uncomfortable or goes against my privacy.
- If I accidentally see something I shouldn't, I have the right to tell someone.
- We are **all** responsible for treating everyone online with respect. You should not use behaviour or language that would upset somebody else.

I have read and understand these rights and agree to follow them when using technology in my education.
