POLICY

1.0 INTRODUCTION

1.1 The purpose of this First Aid Policy is to enable the school to effectively meet the requirements of the Health and Safety (First Aid) Regulations 1981 and in doing so to:

- Provide for the immediate needs and requirements of staff and students who have sustained either a serious or a minor injury

- Ensure that adequate resources and arrangements are in place to deal with injuries/accidents as they arise

- Ensure lines of communication with parents/guardians are in place if required

- Activate a known plan of action with which all staff are familiar

1.2 The School shall inform employees of the first-aid provisions made for staff, including the position of equipment, facilities and names of designated first aiders.

1.3 The treatment of minor illness by the administration of medicines and tablets falls outside of the definition of first aid in the Regulations and the School will not permit the presence of any such medication in designated first-aid boxes. Please refer to the Managing Medicines Policy for South Grove Primary for more information.

2.0 DEFINITIONS

2.1 **'First aid'** means medical treatment for an injured person for the purpose of preserving and stabilising life and minimising the consequences of injury or illness until further medical treatment can be administered.

2.2 **'First aider'** means: a person who holds a valid First Aid at Work Certificate or equivalent qualification.

3.0 ROLES AND RESPONSIBILITIES

- The overall responsibility for the day-to-day management of school rests with the Head teacher.

- The class teacher is responsible for classroom supervision and all staff on break duty are directly responsible for the supervision of pupils at break time.

- The Headteacher' is responsible for ensuring training is up to date.

4.0 ASSESSMENT OF FIRST-AID NEEDS

4.1 The Head Teacher shall make an assessment of first-aid needs appropriate to the circumstances of the school. The Head Teacher will need to assess what facilities and personnel are appropriate, and to justify the level of first aid provision. Where necessary and relevant, all staff will be trained on how to administer aspects of first aid e.g. epi-pens.

4.2 Where the first-aid assessment identifies a need for employees to be trained as first aiders, the Head Teacher shall ensure they are provided in sufficient numbers at appropriate locations to enable first aid to be administered without delay should the occasion arise. **All designated first aiders must re-qualify every 3 years. This means re-qualifying before the end of the third year when the certificate is no longer valid.**

4.3 All staff will ensure that they have read the school's First Aid Policy,

5.0 MANAGEMENT OF FIRST-AID EQUIPMENT

5.1 It shall be the responsibility of the welfare assistant/senior inclusion assistant, line manager and finance officer. to ensure the provision of materials, equipment and facilities needed for the level of cover required. This will include ensuring that first-aid equipment, suitably marked and easily accessible, is available in the agreed designated areas. Where additional or replacement material or equipment is required, staff should speak to their line manager and the finance officer about ordering more items immediately. The welfare officer will also ensure that all out of date items are discarded and replaced. These need to be checked on a regular basis i.e. termly.

5.2 It is also expected that before going on duty/ on a school visit etc., first aiders shall take responsibility for ensuring their first-aid box and bumbag contents are sufficient.

6.0 FIXED AND PORTABLE FIRST-AID BOXES

6.1 All School first-aid boxes and bumbags are coloured green and are identified by a white cross on a green background. This conforms to the Safety Signs and Safety Signals Regulations.

Portable First Aid kits are taken on educational visits and are available from the medical room.

6.3 The boxes should contain a sufficient quantity of suitable first-aid materials. 9.0 PROVISION OF FIRST AIDERS

9.1 There shall normally be a minimum of 5 first aiders or appointed persons within the school between 8:30am and 3:25pm. At least one first aider will be on duty at playtimes and there will always be a first aider in the office in lesson time and after school for the extended day provision.

9.2 Consideration must also be made to ensure first-aid cover during absences, such as annual leave and sickness

10.0 CATEGORIES OF INCIDENTS AND PROCEDURES

Any child complaining of illness or who has been injured is sent to the Medical Room for the qualified First Aider(s) to inspect and, where appropriate, treat. Constant supervision will be provided. Should the child be too ill to stay at school, parents should be contacted as soon as possible so that the child can be collected and taken home.

10.1 Minor Accidents and Injuries

The adult in charge initially looks after the injured party and uses the first aid box in the classroom for minor needs. If deemed necessary, a person other than the teacher will take the child to the Medical room or the bench in the playground. No medicines are administered but cuts are cleaned with sterile un-medicated wipes and bandages are applied if deemed appropriate. The use of disposable plastic gloves is mandatory at all times.

All accidents are recorded in the Accident Report Book by the first aider, parents are always contacted by telephone and a note (recording details of the incident/actions taken) is sent home.

Minor Cuts and Bruises

Method: In all cases of injury it is understood that there is at least one adult present: • A first aider should administer first aid if appropriate. If the first aider is not available, any member of staff may clean the wound. • Class teacher is informed by the first aider. • Teacher observation is maintained • Children are advised to show/tell parents

Sprains/Bruises

- A first aider should administer first aid if appropriate. If the first aider is not available, any member of staff may implement the process of rest, ice, compress and elevate
- If in doubt, parent/s are contacted
- Teacher observation is maintained

10.2 More Serious Accidents and Injuries

If considered safe to do so, the injured party is taken to the First Aid room. Parents are immediately informed, particularly if there is a suspicion of broken bones/head or eye injuries. The child is kept under close observation until parents arrive, with the emphasis on making the child as comfortable and as settled as possible.

Stings/Bites

- If case is serious/ parent/s are contacted – no stings should be removed.

Faints and Shocks

- A first aider should administer first aid if appropriate. If the first aider is not available, any member of staff may implement the process of: • Lie the casualty down • Raise the legs above the level of the heart • Loosen any tight clothing • Ensure there is fresh air • Keep crowds away • Reassure casualty when they recover • Contact parents – the pupil should go home

10.3 Very Serious Injuries

In the event of a very serious injury, parents/guardians are immediately contacted. If the considered opinion of the staff is that immediate professional help is required, an ambulance is called.

Parents are kept informed of developing situations. Very serious injuries are considered to be:

Severe Bleeding Burns/Scalds Unconsciousness

The event is subsequently recorded in the Accident Report Book

The First Aid Policy is based on collective teacher input. All staff automatically assist the teacher on break duty and the first-aider in the case of a serious injury.

Details on the forms to be completed, time scales for completion and distribution and who is to be notified, are shown on the health & safety policy.

11.2 After administering treatment, first aiders will ensure they adhere to the School arrangements for record keeping and accident reporting, as detailed below. Each first aider must receive appropriate instruction to enable them to carry out this responsibility during first-aid training.

11.4 Parents are informed of a head injury by letter. The letter outlines the injury and symptoms to look out for.

11.5 It is appropriate to contact parents by phone if there are concerns about the injury.

11.6 Staff should complete the accident book if they sustain an injury at work. An injured member of staff or other supervising adult should not continue to work if there is any possibility that further medical treatment is needed.
