	9	SA 93	AG 72	AV 7	D 0	SD 0
	10	Y Info Session 39	Y Leaflet 81	No 49		

**Parents**

Initially, about half of the parents who answered the questionnaires have previously heard of the UN convention on the Rights of the Child. We have now been actively promoting the rights in the displays, newsletters and on the website. We have also hosted assemblies for parents to attend regarding Rights Respecting Schools. Take a look in the newsletter to see our Right of the Month.

A very positive number of parents feel that their children are safe in schools and 100% believe their children are kind and respectful of each other’s rights. Children are respectful of adults and are treated fairly.

Only 71% of parents feel global citizenship are important to South Grove, although this looks low, only 3% did not agree with this statement.

All parents were pleased with the way we celebrate achievements and 70% of parents would like to learn more about the UN convention on the rights of the child.

**Actions**

We have considered all of this and will continue to send information home regarding the Rights of the Child in newsletters, leaflets, websites and in assemblies  
 Ensure parent representation on the working party group

Make sure displays are accessible to parents during parents evening
